

Carl Benz School of Engineering

The Carl Benz School of Engineering is the Mechanical Engineering College of the Karlsruhe Institute of Technology (KIT), which is one of the most prestigious technical universities in the world. CBS offers a Bachelor of Science Program in Mechanical Engineering (International). The teaching language is English.

The Carl Benz School is located in the German state of Baden-Württemberg which boasts the highest research and development expenditure in Europe, as well as the largest number of employment opportunities in high-tech industrial sectors.

Graduates with advanced knowledge in Mathematics, Physics & Chemistry may apply to CBS to become leaders in engineering, development and production. Students can choose from three specializations, i.e. Automotive Engineering, Global Production Management or Energy Engineering.

**Short Term
Programs 2025**

**For High
School
Students**

Striving to be an engineer?

Each year, the CBS short term programs provide high school students (ages of 16 and older – with a passion for mathematics, physics, and technology) with an inside view of mechanical engineering studies in Germany.

Students are taught by highly qualified professionals and benefit from a full range of activities, cultural trips and workshops. They will experience state-of-the-art technology firsthand through visits to historical museums, which provide a glimpse into the legacy of German engineering, and excursions offering insights into contemporary production in the era of Industry 4.0.

The programs introduce core concepts and current trends in mechanical engineering while providing a glimpse into academic and professional opportunities at the Karlsruhe Institute of Technology (KIT).

Join us!

- Get to know the world of engineering
- Attend fun engineering workshops
- Listen to fascinating lectures
- Find out about studying in Germany
- Meet people from all over the world
- Make new friends

Impressions

»The CBS Summer School was a really **good balance between hands-on activities and lectures.**

I got a really good taste of what mechanical engineering at CBS is like. My favorite part was the trip to the Mercedes Benz factory.

It really showed **what you can do with engineering.**«

Toby from England

»Normally, when you have holidays, you forget about what you learned in school.

At the summer school you can practice and use what you have learned every single day.

This experience also helped me to **get a clearer idea of what path to follow** in my future.«

Nester from Spain

This year comes with the chance to discover one of the most exciting professions in the world!

On-Site Format 2025

Carl Benz School Campus in Karlsruhe, Germany

■ **Winter School: January 27th-31st**

■ **Spring School: April 7th-11th**

■ **Summer School:**
Week 1: June 30th-July 4th
Week 2: July 7th-11th
Week 3: July 21st-25th

Experience a glimpse of student life and explore the Mechanical Engineering (international) study program at KIT.
